Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Friday 02 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Showery for the next few days. Becoming windy later Monday.

Today:
Sunny spells for most areas. Largely dry in the far north and far south, but some showers elsewhere, especially southern Scotland and northern England where some of these heavy with the risk of thunder.

Tonight:
Dry for many northern parts though some rain for the Northern Isles. Areas of showery rain moving into the south and southwest overnight with some thunderstorms possible early Saturday.

Saturday:
Areas of heavy rain and thunderstorms in south and east early in the morning developing more widely by day. Northern Ireland and west Scotland most sheltered. Feeling close in southeast.

Outlook for Sunday to Tuesday:
Showers developing widely on Sunday, some heavy and thundery and feeling humid. Rain into the south on Monday, then moving north through Tuesday. Becoming windy and fresher.
